

INTERNATIONAL MAGNETIC TAPE STORAGE TECHNOLOGY ROADMAP WORKSHOP

August 24-25, 2011 -- Broomfield, Colorado

Wednesday, August 24, 2011

Opening Session

Welcome, Opening Remarks & Introduction of Guest Speaker

Paul Frank & Barry Schechtman, INSIC

Guest Keynote Address: "Tracking Tape's Potential"

Mark Peters, Enterprise Strategy Group

Applications & Systems Roadmap Summary

Barry Schechtman, INSIC

Technology Roadmap Status & Summary

Bob Raymond, Oracle

Tape Transport Technology Roadmap - Strawman Proposal & Discussion

Paul Poorman, Hewlett-Packard

Recording Media Technology Roadmap - Strawman Proposal & Discussion

Larry Olson, Imation

Tape Head Technology Roadmap - Strawman Proposal & Discussion

Larry Neumann, Quantum

Recording Channel Electronics Roadmap - Strawman Proposal & Discussion

Evangelos Eleftheriou, IBM

Thursday, August 25, 2011

Closing Session

Recording Channel Electronics Roadmap - Conclusions Update & Discussion

Evangelos Eleftheriou, IBM

Tape Head Technology Roadmap - Conclusions Update & Discussion

Larry Neumann, Quantum

Recording Media Technology Roadmap - Conclusions Update & Discussion

Larry Olson, Imation

Tape Transport Technology Roadmap - Conclusions Update & Discussion

Paul Poorman, Hewlett-Packard

Closing Remarks

Paul Frank, INSIC
